Our Commitment

As a former meeting planning professional, I appreciate the tremendous amount of preparation and work that goes into having a successful meeting. Whether you're hosting a group of less than 50 or one with over 5,000, the things you have to do before, during, and after your event can seem endless, and attention to every detail is crucial if your function is to be the success you want it to be. When you need to go to outside vendors for products and services for your event, you need to know that deliveries will be made on time, products will work like they're supposed to, and if there is a problem with anything, fast, reliable help is no more than a phone call away. And you want all of this without breaking your function's budget.

Unlike some vendors, we don't think these expectations are unreasonable, and as a 100% employee owned company, every member of our staff is committed to our customers' complete satisfaction. At ABE, Inc., my staff and I will do everything within our power to ensure that your meeting is a complete and total success.

You have my personal commitment on that!

John B. Tighe
President & CEO

Effective 10/25/07
